POLICE BOARD NEUTRAL AS THE RAINES BILL.

Appointments to Captaincies Expected Next Week-Commissioners to Compute the Percentages of Sergeants and Captains. The Police Commissioners at their meeting yesterday considered a communication from form Association, announcing that the association had protested against certain suggested amendments to the Raines bill and enclosing a copy of a new bill which has been submitted by the association to the authorities at Albany. Commissioner Roosevelt said that the Board

could not take sides for or against any partic-

plar measure. "It is strongly to our interest," said Mr. Roosevelt, "in having the law easy of enforce-ment. Whatever the hours of closing are, there should be provision made giving the police the right to enter a building where liquor is sold at any time, and to empower the police to make saloon keepers throw up their blinds so that we can see the interior. The license should also be revoked on a double conviction for the sale of liquor whether by the bartender or the proprietur. Proprietors of saloons stay away Sundays

and let their bartenders be arrested."

The Commissioners dismissed Patrolman James P. Oates of the Leonard street station, who was arrested by Capt. Cross a few nights ago for being drunk and disorderly in the stanon house. There were fourteen charges against Oates for various delinquencies.

They also dismissed Patrolmen Daniel Sullivan, No. 2, of West Twentieth street, Thomas Walsh of Elizabeth street, Michael B. Mcp. Walch of Elizabeth street, Michael B. Mc-Curran of East 123th street, and Probationary Patroiman John C. Maher of Fifth street. Sul-livan was charged with being absent without leave. Walsh was accused of disobeying the orders of the police surgeon. McCurran was accused of improper patrolling and being in a leaver the police surgeon of the property of the leaver of the police surgeon. McCurran was accused of improper patrolling and being in a leaver of the police surgeon.

Patrolman Thomas Grady of the Morrisania station was fined thirty days pay for being ab-sent from post at the strike of the street clean-ing drivers on the west side. Patrolman John O'Leary of East 104th street was fined ten days' pay for interfering with Policeman William Frown in making an excise arrest. Other de-linquests were also fined.

Frown in making an excise arrest. Other delinquests were also fined.

After the regular meeting the Commissioners went into an executive session, at which Mr. Parker was present. The subject of promotion was discussed, and it was decided that the Comissioners themselves would make up the pertages attained in the competitive examinations of Sergeants for Capitaincies and Capitains of Tapsectorships. In the latter case it was bide necessary, as the three Acting Juspectors Typeting for full appointment are members of Police Civil Service Board and could not take up their own percentages. Commissioner river will make up the percentages on laws dordinances. Col. Grant will pass on the lies and regulations, and Commissioner Anrews will decide what percentage the application are entitled to on military tactics. Presient Roosevelt will give the men the marks for port writing.

It is expected that the eligible list of Sergeants who passed examination for Capitaincies will be ready early next week, when some appointments will be made. To Acting Capt, Young and Sergi, Harslacher another examination for premotion was accorded on the score of their being incapacitated by illness from competing.

M'KENNA A SERGEANT AGAIN. Ris Trini Improperly Rushed by the Old Police Board,

The Appellate Division of the Supreme Court has restored Felix McKenna to his place as Sergeant in the Police Department. McKenna 'smissed on a trial by the Police Board Magust, 1894, on charges made by Augusta Thurow, one of Goff's Lexow witnesses, that he took \$5 bribes from her for accepting her as

The Appellate Court does not say, as the General Term said last year, that Mrs. Thurow's evidence was worthless. It says that the proceedings before the Police Board were irregular. McKenna was cited on Aug. 15. He was preparing for trial on Aug. 15. He was preparing for trial on that date, but on Aug. 13 he was cited to appear for trial on the 14th. of the men, and the policemen were needlessly
rough, according to the men's story. Daniel

Later in the day it was announced that the

BAILBOAD AND OTHER SHARES

The intimations and allegations that the Morgan syndicate took an unfair advantage of Mr. Stewart and his associates in bidding for the bonds have attained such currency and importance that it seems worth while to dispose of them in a very few words. The facts are that any number of bankers knew in a confidential way on Tuesday evening before Mr. Morgan and his party started for Washington that Mr. Stewart's bid would be for at least \$75,000,000 bonds and his figure something better than 110. Moreover this information was printed conspicuously and exclusively in THE SUN Wednesday morning. There is reason for believing that the bidders whom Mr. Morgan was figuring to get the best of were a number of New England investors and institutions, and as he and his associates had a pretty fair idea of what consider Mr. Stewart's bid, which was below the New Englanders'.

There is not the slightest ground for the statement that some one of Mr. Stewart's party acted in bad faith. The simple fact was too

many people, all of them interested in the Stewart transaction, knew what should have been a profound secret with not over two men. Possibly if Mr. Stewart or some of the experfenced dealers associated with him had gone to Washington, as Mr. Morgan and his party did, they might have discovered something about the disposition of other bidders and thus obtained in a perfectly legitimate way a slice of The strength of the stock market was most pronounced in the Industrial group.
